He did, indeed. How cool, right? 😊👍

In 2010 Scott set a challenge as part of the annual male charity event Movember: "If we raise \$20,000 I'll shave my head at the end of Movember. If we raise \$30,000 I'll wear a mohawk and if we raise \$40,000, I'll wear a blue mohawk." They raised \$43,000, so Scott had his head shaved and dyed in front of Atlassians.
