## **Courses and Quizzes - LMS for Confluence Demo**

Courses and Quizzes - LMS for Confluence allows you to create courses and quizzes in Confluence and enroll *anyone*, both Confluence and anonymous users. It doesn't require any integrations and works out of the box.

## Use cases:

- Employee and customer education training courses, tests, compliance, certification
- Evaluating knowledge and skills of job applicants and employees
- Onboarding of new hires
- Tests on product knowledge for customers and partners
