Handy Status demo

Handy Reminder

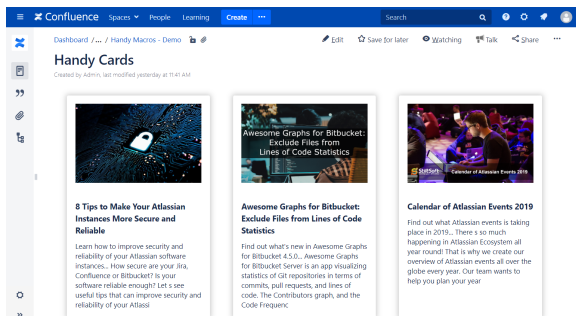

Handy Reminder allows you to set one-time or regular reminders for you or for your team mates on Confluence pages. You'll no longer miss an important event or task!

Handy Reminder demo

Handy Cards

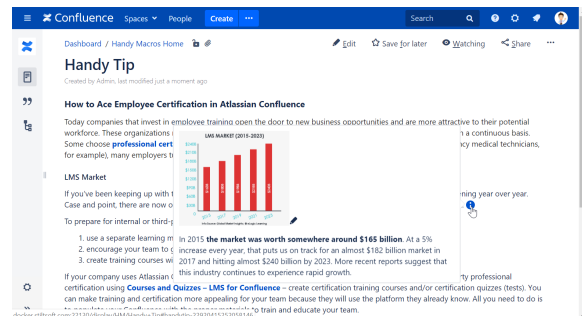

Handy Cards allows you to create cards as page previews using default or custom content. You can create cards from child pages, from pages by labels, and from any pages, including external pages, using the Handy Cards Content macro.

Handy Cards demo

Handy Tip

Handy Tip allows you to add pop-up tooltips to text, images or emoticons. The macro helps to shorten the length of texts and at the same time makes additional information noticeable.

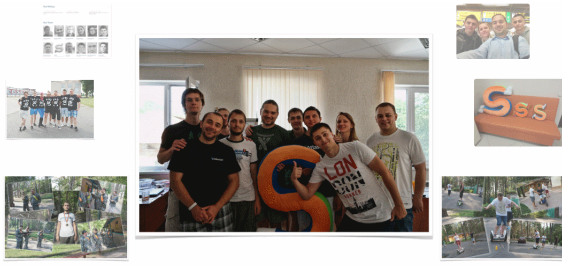

Handy Tip demo

Handy Carousel

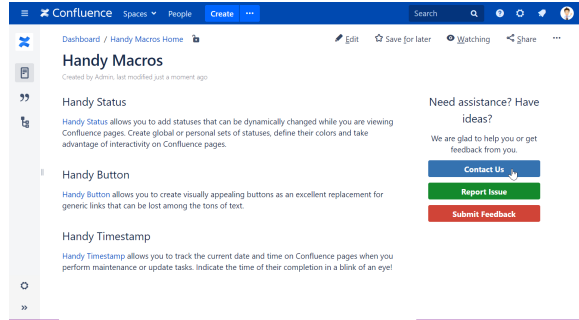

Handy Carousel allows you to add interactive galleries or carousels dynamically rotating images or YouTube videos on your Confluence pages. Add more attractiveness and increase the click rate of media content!

Handy Button

Handy Button allows you to create visually appealing buttons as an excellent replacement for generic links that can be lost among the tons of text.

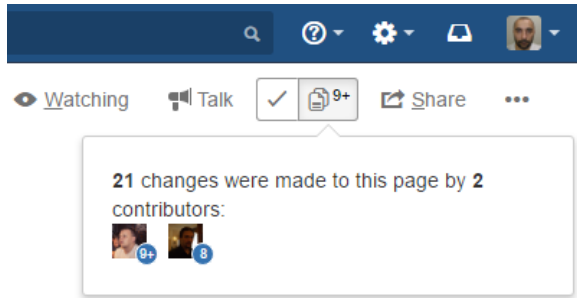

Handy Carousel demo

Handy Button demo

Handy Page Diff

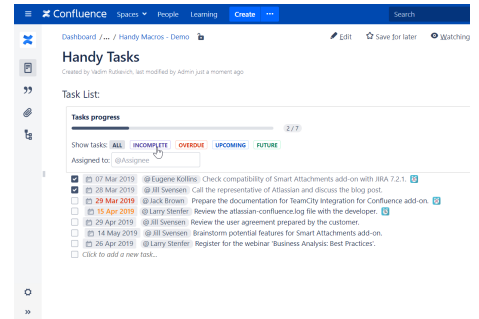

Handy Page Diff is a convenient mechanism that highlights all the page differences made to the page since your last visit. Forget about Confluence page revisions with their fragmented page changes spread across multiple revisions. See the whole picture of updates and corrections at once!

Handy Page Diff demo

Handy Tasks

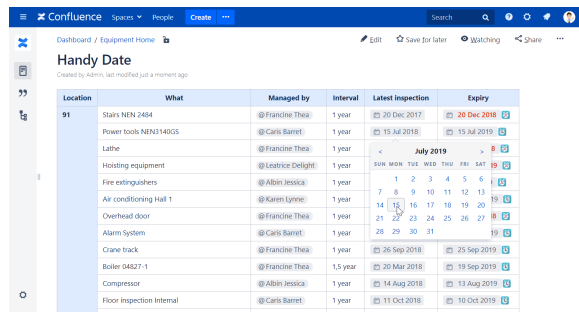

Handy Tasks are Confluence augmentation that allows you to view the progress on tasks and to quickly add new tasks to the list without opening the editor.

Handy Tasks demo

Handy Date

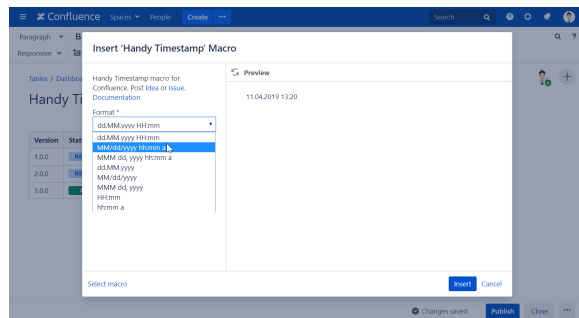

Handy Date is an augmentation for Confluence that allows you to update the dates without opening Confluence editor. Just click the date stamp and pick a new date!

Handy Date demo

Handy Timestamp

Handy Timestamp allows you to track the current date and time on Confluence pages when you perform maintenance or update tasks. Indicate the time of their completion in a blink of an eye!
